**AMENDMENT AND RESPONSE**

Dear Sir:

In response to the Office Action dated June 19, 2003, please amend the above-referenced patent application as follows:

**In the Specification**

Please amend the specification as shown on the attached Amendments to the Specification.

Applicant amends the paragraphs starting at page 7, line 6 and ending at page 8, line 11 to correct the reference numerals to correspond to amendments made to Figure 1. Applicant further amends the paragraph at page 9, line 23 to page 10, line 3 to add reference numbers "19"

and "17" to the description, as well as to correct the spelling of the word "shopping." The paragraph at page 9, line 6-15 is amended to add reference numbers "16A" and "16B," and the paragraph at page 10, line 16 to page 11, line 2 is amended to add reference numbers 20, 70, and 80. Applicant also amends the paragraph at page 11, line 19 to page 12, line 20 to delete "(Figure)" and to add reference numbers "31," "32," "33," and "34."

No new matter is added.

**In the Drawings**

Please amend Figures 1, 4, 6, and 9 as shown on the attached Replacement Sheets.

Applicant amends Figure 1 to add a "0" to each reference number, thereby obviating the Examiner's objection to Applicant's use of duplicate reference numbers. Corresponding amendments are made to the specification, as indicate above. Applicant also amends Figure 4 to enhance the "points" and to add reference numbers "50," "52" and "71," and Figures 6 and 9 to correct the position of the reference numbers with respect to the reference lines.

No new matter is added.
